Serbian Association of Railway Traffic Engineers
Attn. Mr. Danko Trninic
Nemanjina 6
11000 Belgrad
Serbien

Dear Mr. Trninic,

It is a special pleasure to welcome you as new members of the "Union of European Railway Associations" (UEEIV).

As the roof organization we depend from information and suggestions of our member organizations. Our goal is distributing and sharing of knowledge about Railways as a transport mode. Accordingly all questions referring to laws, technologies and economics, including organization and education, are on our agenda.

With good wishes and the invitation for active cooperation

Best regards

Klaus Rießberger
President of UEEIV
